

Phoebe Health Partners offers the most comprehensive medical services available in Southwest Georgia.

**Phoebe Health Partners (PHP)** is a network of providers that contracts to provide health care services at reduced rates. PHP providers offer access to cost-effective high quality health care services. Covered individuals retain their freedom of choice of providers but receive financial incentives to use the PHP network.

The network has local roots and a commitment to service. Our extensive physician panel is partnered with Phoebe Putney Memorial Hospital and offers the most comprehensive network available in Southwest Georgia.

**ACCREDITED  
PROVIDER  
CREDENTIALING**

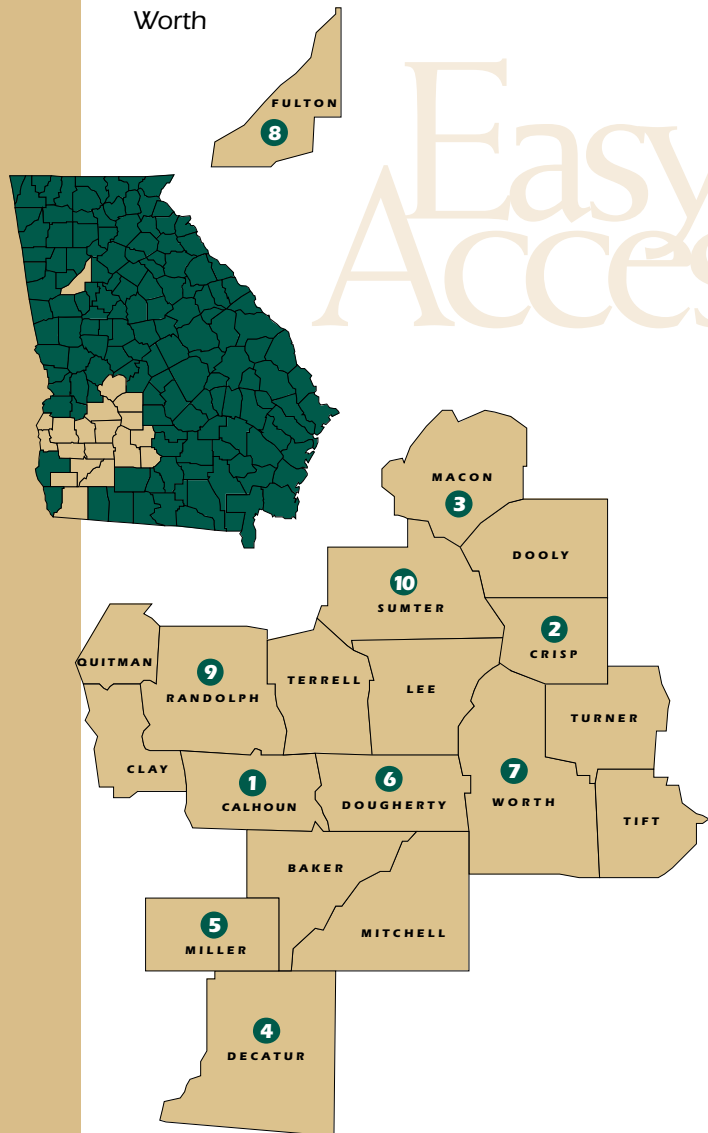

Phoebe Health Partners has been awarded Health Provider Credentialing Accreditation from URAC, a Washington, DC based health care accrediting organization that establishes quality standards for the health care industry.

PHP's widespread geographic coverage provides access to state-of-the-art health care services in 19 counties.

**The PHP service area includes the following counties:**

Baker	Calhoun	Clay	Crisp
Dooly	Decatur	Dougherty	Fulton
Lee	Macon	Miller	Mitchell
Quitman		Randolph	Sumter
Terrell		Tift	Turner
Worth			

Easy Access.

More Choice.

PHP provides your employees **more physician choices than any other area health plan.** Our panel of **more than 400 physicians** represents a mix of medical specialties and an extensive primary care physician base. In fact, PHP offers the most comprehensive physician panel in Southwest Georgia.

Lower Cost.

A good health care buy made even better.

**PHP's advantages for you:**

- Local service, local decisions, local commitment
- Network access solutions
- Multiple contracting options
- High-quality care at competitive rates
- Choice of hospitals and physicians you know and trust
- Exceptional customer service support
- Reliable team of dedicated professionals to serve your needs

Quality Assurance.

**PHP's physician and hospital panel must meet rigorous credentialing criteria.**

PHP providers agree to follow quality guidelines, utilization review, and pre-authorization protocols to ensure high quality while delivering cost-effective medicine. Our goal at PHP is to maintain the standards of excellence that have made us the area's first choice in health care networks.
